

What your donations do

€5 buys a dose of wormer for a pony

€10 buys - a sack of horse feed.

- a dose of wormer for a horse.

€20 buys - a foot trim for one horse.

- a pot of wound cream.

€30 buys - the homeopathic treatment needed to treat the respiratory problem that chippie and Belle suffer from...

Belle

Chippie

.... or a bale of straw.

Nijinsky Blue resting on straw in the barn

€40 buys - a foot trim with a specialist farrier for a pony with foot problems such as Iris or Pomponette.

Pomponette

Iris

- a large bale of hay that will feed the horses living at the Refuge for 2 days over the winter.

Lord, Belle and Lenny (l-r)

€50 buys - a large bale of haylage. This is richer than hay, so the bales last longer. It is ideal for horses who need to put on weight.

€100 buys - enough haylage to feed the horses at the Refuge for a week.

€160 buys - enough hay to feed the horses at the Refuge for a week.

€5000 would buy us a horsebox.

Chesnay travelling to her new foster home

- We frequently have to transport horses to and from foster homes, as well as bringing in new arrivals. At the moment we are dependent on the generosity of a friend allowing us to borrow one.

And it doesn't end there!

Our other costs include

- Vets' bills
- Maintaining the fields and fencing, including the cost of the tractor.
- Fuel for transporting horses and visiting those in foster homes
- The upkeep of the stables and barns at the Refuge.

Your generosity is greatly appreciated.
